## GAME REPORT

Rangers FC and Etoile Sportive settled for a goalless draw, with both sides showing discipline and organisation throughout a closely fought contest. Rangers enjoyed extended spells of possession and appeared comfortable dictating the rhythm of play, especially during the opening half. They circulated the ball effectively in midfield and pushed forward with intent, but were unable to turn their territorial advantage into clear scoring chances. Etoile Sportive stayed compact at the

back and defended resolutely, limiting space and dealing well with pressure. Rangers also held the edge from set pieces, earning more corners and looking to create openings from wide areas. Etoile responded with measured counter-attacks and managed to test the goalkeeper despite seeing less of the ball. The intensity increased after the break, with fouls becoming more frequent. Etoile's Amen Allah Zergui received a yellow card as both teams pushed for winning.

*"They must grab the challenge. So I think you'll see, hopefully in the next game, more hunger and more desire,"*

*"The match against Rangers was highly competitive, and both teams performed well, but we were unable to score,"*

## RANGERS FC VS ETOILE SPORTIVE

Malcom Thomson, head coach of Rangers FC, described the match against Etoile Sportive as intense and competitive, with some tension caused by both teams' desire to secure an early win. He said the draw was a positive start and confirmed that the team will push for victories in the next matches. Thomson added that the upcoming match against Aspire Academy will be challenging, praising the tournament's organisation, facilities, and media coverage, while stressing his team's ambition to progress as far as possible.

On the other hand, Mohamed Jihad, head coach of Etoile Sportive, said the match against Rangers FC was strong and highly competitive, with both teams delivering solid performances but failing to score. He noted that the club's ambition is to reach at least the semi-finals, stressing that the team is approaching the tournament step by step. Jihad added that with two group-stage matches remaining, the focus is on giving maximum effort, improving attacking aspects, and making better use of scoring opportunities in the upcoming games.

# Exclusive Interview

## Khalid Sekkat - Coach of Mohammed VI

### **Can you tell us about today's match outcome and your overall satisfaction of the match?**

Alhamdulillah, today's match showcased a high level of performance from our players. They demonstrated strong physical play and good intensity throughout the game, which was particularly impressive given the age differences between our squad and some of the other teams. As this was the opening match of the competition, our players faced extra pressure and excitement — yet they rose to the occasion and competed well from start to finish. Overall, we executed our game plan as we had prepared, and despite the challenges that naturally come in a tournament setting, I'm proud of how they represented the Mohammed VI Academy on the field.

### **How are you preparing the team for the upcoming match?**

The first match of any competition

is always one of the toughest, especially for young players who are experiencing this kind of international stage and media attention.

We expected a certain level of nerves, and of course we saw some technical errors — but that's entirely normal in a player's development. We will go back to the training ground and work on those specific aspects, correcting what needs improving while also reinforcing the positive parts of today's performance. We'll continue to emphasize tactical discipline and confidence so that the team is mentally and physically ready for the next challenge. The international exposure is valuable, and we want to make sure the players learn from it without feeling overwhelmed.

### **Do you make any changes in your style of play according to the opponent?**

In general, our approach to each match follows a consistent philosophy. We remain true to the style and identity we build in training; however, there are moments where we adjust certain elements of our play based on the characteristics of the opponent. For example, we may emphasize different tactical movements or slightly adapt our positioning to exploit specific spaces or disrupt key players. But at the heart of it, we maintain the same core principles and tactical discipline across all games.
